

NVIS RING FILTER WITH CAP

PRODUCT INFORMATION

Ref. MIL-STD 3009 & MS85762

CHARACTERISTICS

- Machined Glass Filters
- Polished Filters & Unpolished Filters
- Custom Dimensions Available
- Short Lead Times
- NVIS Radiance per MIL-STD 3009 & RTCA/DO-275

NVIS & AVIATION COLORS

- NVIS Upper Green A
- NVIS Lower Green A
- NVIS Green B
- NVG White High Transmission
- NVG White Standard Brightness
- Airforce Blue-White
- NVIS Yellow Class A

Additional Color Variations may be created upon request

Pynco offers standard sizes of ring filters as well as filters manufactured-to-customer specifications. Our lead-times are unequalled by any NVIS filter manufacturer in the Aerospace Industry. We offer ring filters with or without caps. Ring filters are also available with a flat glass dome top. Each filter is made from machined glass, not molded, and is therefore very consistent dimensionally. These products are manufactured using the highest quality materials, giving them the ability to achieve maximum performance under intense conditions. Various colors of filters can be produced to meet the specific voltage, size, luminance and chromaticity requirements.
